

*Nebraska Association of  
Behavioral Health Organizations*

# Key Financial & Strategic Benefits

## Full National Council Membership

NATIONAL COUNCIL  
for Mental Wellbeing

HEALTHY MINDS • STRONG COMMUNITIES

NABHO dues automatically include membership in the National Council for Mental Wellbeing—a \$1,500–\$6,000 value by itself. This gives you national-level resources, training discounts, advocacy, and data that you would otherwise have to purchase.

## Statewide Policy & Systems Advocacy

NABHO advocates for the issues that directly affect your ability to operate, recruit, and serve clients—regardless of payer mix. This work includes:

- ◆ Workforce and licensure reforms
- ◆ Commercial insurance parity and credentialing issues
- ◆ Rural health transformation and statewide crisis system design
- ◆ Criminal justice and statewide referral partnerships
- ◆ Public health, education sector, and integrated care issues

## Peer-to-Peer Advocacy & Problem Solving

NABHO provides a statewide forum where providers troubleshoot shared issues. This reduces internal staff time spent solving operational or regulatory challenges and gives you access to quick, real-world solutions from peers.

## Connections That Strengthen Your Referral Network

Membership enhances visibility among partners that directly support sustainability and program growth. These partners include:

- ◆ Rural partners and community coalitions
- ◆ Health systems and primary care
- ◆ Probation, courts, schools, and diversion programs

## Leadership Access & Strategic Support

NABHO provides direct access to their Executive Director and leadership network for support in addressing system barriers, policy questions, or operational challenges. This is comparable to receiving strategic consulting at no added cost.

## Weekly Policy Monitoring & Business Intelligence

NABHO tracks legislative, regulatory, and statewide system changes and provides updates that save internal staff time and reduces compliance risk.
